

SMU CONNECT

SPENCER MUNICIPAL UTILITIES

JUNE 2023

Amanda Gloyd

Marketing & Community Relations Manager

Summer is here and we are involved with several construction projects throughout Spencer. It has been a busy year for us in terms of locates as we have completed more locates than last year at this time. Several of those projects involve some updates to infrastructure with water mains being replaced and overhead electric lines being converted to underground service. We appreciate customers' patience in those areas!

If you have any updated contact information, please be sure to let us know so we can reach you if needed about any projects in your area.

Have a great and safe summer!

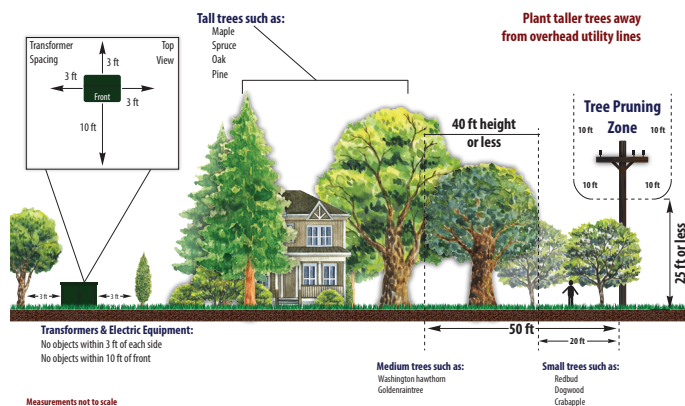

Water Quality Report Available

You should have received a link to a copy of our water quality report with your last statement. If you missed it, find a copy online at www.smunet.net/2023CCR.pdf or if you'd like one sent to you, feel free to give us a call at 580-5800 and we can get one sent out to you.

Tree and Shrub Planting Distances

If you are planning to plant some trees and/or shrubs this summer near SMU electric equipment, here are the clearances needed. If you have any questions, feel free to contact SMU at 712-580-5800. Be sure to contact Iowa One Call before digging by dialing 8-1-1 or 1-800-292-8989 or filing a ticket online at iowaonecall.com.

Missed the beginning of your show? Restart it!

Restart TV gives you the ability to restart a program that is already in progress. Or if you are browsing channels and see a show you wanted to watch that has already begun, **Restart** it and watch it from the beginning.

-Restart Channels are highlighted by the green and white Restart icon

-The Restart icon can be found in the Program Guide as well as the What's Hot app and the Browser Bar

712-580-5800 | smunet.net | 520 2nd Ave East, Suite 1

Flagfest

We hope everyone was able to enjoy Flagfest! Thanks to our crew for providing live coverage of the parade. If you missed the parade you can still view it on the Spencer Channel 3 Webcast: <https://smunet.net/spencer-channel-3-webcast/>.

Hydrant Flushing

Each year SMU flushes the over 600 fire hydrants in Spencer to make sure they are all working properly and ready for use if needed. Visit our website to see the current flushing area. Residents in a flushing area should be advised to put in their basement sewer plugs. Residents could temporarily experience low water pressure and some discoloration of water during the flushing.

**YOUR
ELECTRIC
UTILITY IS
RELIABLE**

SMU is proud to have received the Reliable Public Power Provider (RP3) designation from the American Public Power Association. What does this mean? We bring you quality power because we follow best practices in:

- Reliability
- Safety
- Workforce Development
- System Improvement

You own this utility. And we're proud to keep you powered and serve our community
