

## 2024 RESOURCE CONSERVATION INCENTIVE PROGRAM NON-RESIDENTIAL REBATE APPLICATION

Name: \_\_\_\_\_ Acct. #: \_\_\_\_\_  
 Service Address: \_\_\_\_\_ Mailing Address: \_\_\_\_\_  
 Phone: \_\_\_\_\_ Email: \_\_\_\_\_  
 Dealer/Contractor: \_\_\_\_\_  
 Date Purchased: \_\_\_\_\_ Date Installed: \_\_\_\_\_

Customer Notice: This rebate application must be completed in full. Please attach a copy of the sales receipt showing date of purchase, dealer name and address, brand and model, and quantity purchased. **The rebate application needs to be submitted to SMU within 90 days of invoice or project completion.** Incomplete applications will result in delay in receiving your rebate. For rebates in excess of \$1,000, the applicant may request a check rather than credit. Rebates will not exceed 50% of equipment costs minus any manufacturers or dealer rebates. *A non-residential property may not receive more than \$7,500 or \$.25 per square foot of the area improved, whichever is more, in rebates during the calendar year. Rebates for air source or ground source heat pumps, or rebates for insulation in multi-family residential properties, do not count toward the annual limits for non-residential rebates.*

<b>COMMERCIAL LIGHTING</b>			
Commercial lighting is available to customers on a commercial utility rate. Lighting rebates are available for retrofit installations where a less-efficient form of lighting is being replaced. The only lighting rebates available for new commercial construction is use of LED fixtures with occupancy sensors. Part number/SKU's must be listed on the invoice.			
Post-installation check up date/initials: _____			
Occupancy Sensor: \$25.00 each	Qty:	Total:	
LED Exit Lamp: \$30.00 each	Qty:	Total:	
T-12 and HID Retrofit: Replacing existing T12, HID (metal halide or high pressure sodium) fixtures with LED fixtures	Qty:	\$5.00 per 4' bulb	Total:
	Qty:	\$10.00 per 8' bulb	Total:
<b>LED Lighting:</b>			
Fixtures less than or equal to 30 watts	Qty:	\$30.00	Total:
Fixtures 31 to 99 watts	Qty:	\$50.00	Total:
Fixtures 100 watts or larger	Qty:	\$100.00	Total:
<b>INSULATION (Residential living area)</b>			
SMU requires an <b>inspection before and after insulation</b> work is done, contact our office at 580.5800 to schedule one at no charge. <b>Project must have an electric heat source.</b> Spray foam insulation installed during new construction is eligible for rebates. Commercial insulation capped at \$0.30 per square foot insulated.			
Pre-installation check-up date/initial: _____		Post-installation check-up/initial: _____	
Attic/Ceiling: Increase to R49+	Cost: 70% of cost up to \$5,500.00	Total:	
Exterior Walls: Increase to R13+ (includes Floor & Foundation)	Cost: 70% of cost up to \$5,500.00	Total:	
Insulation Project Description:

## ENERGY EFFICIENT HVAC AND WATER HEATER REBATES

**In order to qualify for a rebate on a heat pump, the building must be heated with electricity.** In order to qualify for a rebate, the equipment must be installed by a licensed HVAC contractor, must be AHRI listed and the AHRI certificate must be included with the rebate application. For heat pumps, SMU will pre-authorize the rebate to help the customer and the contractor with planning. Please contact SMU for information on pre-authorization.

<b>CENTRAL AC OR HEAT PUMP ANNUAL CHECKUP</b> Pre-season inspection by a qualified HVAC professional		<input type="checkbox"/> \$25.00
